

SU-Guest Wireless Access

Username and Password Now Required

The Office of Information Technology would like to inform the campus community that beginning on Wednesday, June 8, 2016 authentication will be required to access the SU- Guest wireless network to ensure the optimum security of our campus community. The username and password will be generated for the user. Please find below the instructions for connecting to SU-Guest wireless.

Steps:

Connect to SU-Guest wireless SSID

Open a web browser and navigate to a non-secure web page (www.purple.com or www.go.com)

You will then be presented with the following web pages that will walk you through the process.

The screenshot shows the Susquehanna University wireless network login page. At the top is an orange header with the university's name and logo. Below this is a white content area. On the left, there is a heading 'Welcome to the SU Network' followed by a sub-heading 'To set up network and Internet access, please choose your user type and login.' On the right, there are three buttons: a dark red button for 'Student | Faculty | Staff' with the text 'Join our secure wireless network with full network access.', an orange-outlined button for 'New Guest' with the text 'Request a guest account for Internet-only network access.', and another orange-outlined button for 'Returning Guest' with the text 'Login to your existing guest account or request your password to be resent.' At the bottom of the page, there is a grey footer containing links for 'Frequently Asked Questions', 'Acceptable Use Policy', and 'Susquehanna University', along with the text 'Your IP Address is: 172.18.3.209'.
