Hymns for Healing (Digital release by GIA)

When we feel the world around us has erupted into chaos, we must look to Christ's teachings, guiding us to protect and support the infirm, the abused, the forgotten, the lonely, and the unjustly persecuted. Though it is a small gesture, GIA would like to offer support in the way we know best – through music.

The hymns and songs that follow are available here for free download through September 1, 2020. We realize that this gesture can only hope to offer a small measure of comfort. However, we also know that music and the poetry of certain texts can help us pray. It is our hope that these songs will help you process all that is happening and begin to heal the wounds within.

***Dear Church: A Love Letter from a Black Preacher to the Whitest Denomination in the US**

Lenny Duncan

Lenny Duncan is the unlikeliest of pastors. Formerly incarcerated, he is now a black preacher in the whitest denomination in the United States: the Evangelical Lutheran Church in America (ELCA). Shifting demographics and shrinking congregations make all the headlines, but Duncan sees something else at work--drawing a direct line between the church's lack of diversity and the church's lack of vitality. The problems the ELCA faces are theological, not sociological. But so are the answers.
